

Dear UUP Members -

Special Enrollment for MetLife Legal Plans

During uncertain times we know that now more than ever our members are concerned about their health and personal finances. We want to help our members navigate these challenging times by allowing a **special enrollment period for MetLife Legal Plans** (formally known as Hyatt Legal Plans). **MetLife Legal Plans** help eliminate some of the financial burden of preparing legal documents with fully covered legal services when you meet with a Network Attorney.

With the **MetLife Legal Plans**, you'll have a network of attorneys with an average of 25 years of experience that will help you prepare important planning documents including: Wills/Living Wills (for you and your spouse/partner); Power of Attorney (which is a document that let's someone conduct transactions on your behalf); Health Care Proxy (where you can appoint someone to make medical decisions on your behalf); Landlord/Tenant Disputes; and Credit/Debt Collection

All these services and more are fully covered with no copays, deductibles, or claim forms with Network Attorneys but you must enroll by **May 31, 2020**.

For more information regarding the cost of the program, and an **enrollment form**, go to uupinfo.org and click on Benefits, Member Services Trust, and then MetLife.

Additional Program - WillsCenter.com

UUP is also extending a no-cost benefit at **WillsCenter.com** for all UUP members through our MetLife Legal Program. This is a free service available to all UUP members even if they aren't signed up for the MetLife Legal Plans. ***Please note that this is a free service and does not come with legal consultation support.***

In order to register and create your own **WillsCenter Account**, UUP Members just need to go to **WillsCenter.com**, click on the "Register Here" button under New Users, and enter a few points of information including an email address and password, state of residence, marital status and employer name.

It's easy to start the **SmartLegalForms®** at **WillsCenter.com**. Just click on the title of the document you need and a questionnaire will open in your web browser (PC or MAC). You will move through the **SmartLegalForms®** questionnaire answering all the questions (help prompts will be available along the way), and you will see your document being created during this process.

All free documents will be stored in your own secure, online **WillsCenter Account**. You can even save incomplete questionnaires in your **WillsCenter Account** and come back at any time to edit, finish and print out as applicable. All documents are accessible in your **WillsCenter Account** 24/7.

You may also call the UUP Member Services Trust at 800-887-3863 and a representative will be glad to help you with any questions.
